

DOP

Declarations of Performance

Astron Buildings S.A., 34 Route d'Ettebruck,
L-9230 Diekirch

The DoP give to Astron the opportunity to deliver information about the essential characteristics of Astron products delivered to the market.

The DoP constitute the key element in the functioning of the Internal Market for construction products by providing it with the necessary transparency and by establishing a clear system of allocation of the responsibilities between actors.

The CE marking follows the DoP and means that the manufacturer has strictly followed all the applicable procedures for drawing up his DoP.

DoP list:

- **N°1: Astrotherm**
- **N°2: Galvanized profiles**
- **N°3: Hot Rolled profiles**
